

Diagnostic Neurophysiology Technologist
Regular Full Time

We welcome applicants from across Canada and Internationally

BC Children's Hospital is seeking a Diagnostic Neurophysiology Technologist to join our team!

Testimonial from our team:

*"I have been here for more than 20 years, and I still love my job! Every day is different because of our diverse patient population and multi-disciplinary department. I feel totally supported by my colleagues as well as the organization as a whole on both a personal and professional level" ***S. Smith***

As the **Diagnostic Neurophysiology Technologist**, you will perform pediatric EEGs (Electroencephalography) ranging from routine EEG to advanced continuous monitoring in a tertiary care environment and Epilepsy monitoring unit. Our team works closely with our pediatric teams in Neurology, Neurosurgery, Neuropsychology and Orthopedics and provides both inpatient and outpatient services from all areas of BC.

What you'll do:

- Work with a wide range of paediatric patients and their families, ranging from preterm neonates to young adults with a wide variety of abilities, in a rewarding and challenging environment.
- Be motivated to further develop skills in a supportive environment, including working toward additional registrations.
- Be collaborative in clinical research and academic excellence.
- Our team thrives on enthusiasm, team work and a desire to continually advance our skills!

What you bring:

- Graduation from an approved Electrophysiology Course with certification or a hospital-based training program from an approved institution or two (2) years' recent experience or an equivalent combination of education, training and experience acceptable to the hospital
- One (1) year of recent paediatric experience preferred
- Certification in cardiopulmonary resuscitation.
- Registration with the Canadian or American Board of Registration for Electroencephalograph Technologists (R.E.T. or R.EEG T.)

Role Details:

Regular, Full-Time

Wage: \$31.44 to \$39.22 per hour

Location: 4500 Oak Street, Vancouver.

Schedule: Monday to Friday (Four days per week with a rotating week day off): 0630-1630

Forward your Cover Letter & Resume directly to Veronica Wong, Talent Acquisition Advisor:

What we do

BC Children's Hospital (BCCH) bcchildrens.ca provides care for the most seriously ill or injured children from across British Columbia.

Provincial Health Services Authority ([PHSA](http://phsa.ca)) plans, coordinates and evaluates specialized health services with the BC health authorities to provide equitable and cost-effective health care for people throughout the province. Our values reflect our commitment to excellence and include: Respect people – Be compassionate – Dare to innovate – Cultivate partnerships – Serve with purpose. Learn more about PHSA and our programs: jobs.phsa.ca/programs-and-services

PHSA is committed to employment equity and hires on the basis of merit, encouraging all qualified individuals to apply. We recognize that our ability to provide the best care for our diverse patient populations relies on a rich diversity of skills, knowledge, backgrounds and experiences, and value a safe, inclusive and welcoming environment.

What's in it for you

Every PHSA employee enables the best possible patient care for our patients and their families. Whether you are providing direct care, conducting research, or making it possible for others to do their work, you impact the lives of British Columbians today and in the future. That's why we're focused on your care too – offering health, wellness, development programs to support you – at work and at home.

- Join one of BC's largest employers with province-wide programs, services and operations – offering vast opportunities for growth and development.
- Access to more than 2,000 in-house training programs.
- Enjoy a comprehensive benefits package, including municipal pension plan.
- 12 annual statutory holidays with generous vacation entitlement and accrualment.
- Perks include onsite fitness classes and discounts to 350 BC-wide recreational programs, travel, technology, car and bike sharing, and more.
